Re: Case No. 96-307  
1615 Pope Lick Road

Dear Mr. Mills:

I am writing you to inform the KPSC that I wish to intervene in the construction of a proposed 150' cellular phone tower on 1615 S. Pope Lick Road. As a nearby resident I am totally opposed to the tower's construction.

I resent the fact that an absentee owner will profit from the tower while nearby residents suffer with the ugly view. South Pope Lick Road is a quite and beautiful county road, despite the nearby Gene Snyder Freeway, we love the country setting. The proposed cell phone tower would completely ruin this.

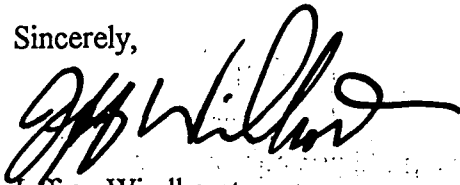

**My points of contention are:**

- Absentee owner profits, while residents suffer.
- The proposed site will put the tower extremely close to the road, making the tower, it's out building and chain-link barbed wire fence even more unsightly.
- We already have the freeway nearby, isn't that enough, we've paid our price for progress.

Please keep me informed of any hearings or further actions I will need to take in order to stop this tower!

I appreciate your consideration of this matter and look forward to hearing from you soon.

Sincerely,

Jeffrey Windhorst
